

## Education

- **PhD in Bioinformatics**, Your University (Year)
  - Dissertation: “Evolutionary Genomics of Microorganisms.”
- **MSc in Microbiology**, Another University (Year)

## Professional Experience

- **Associate Professor**, Bioinformatics, Your University (Year–Present)
  - Designed advanced courses in bioinformatics.
  - Published extensively in top journals.
- **Postdoctoral Fellow**, Evolutionary Biology, Research Institute (Year–Year)
  - Developed computational tools for evolutionary analysis.

## Skills

- Programming: Python, R, Bash
- Tools: Quarto, LaTeX, Git
- Specializations: Genomics, Phylogenetics, Data Visualization
